Vision Group Analytics Dashboard

Base URL: https://cms-vgad.visiongroup.co.ug/

x-api-key: place this secret token in header of every Request

Administrator (7 endpoints)

Method	Path	Description
GET	/api/administrator/meetings	Meeting analysis & attendance
GET	/api/administrator/process-throughput	Task process throughput
GET	/api/administrator/rvs-analytics	Resources, Venues & Suppliers
GET	/api/administrator/schedule-efficiency	Schedule efficiency & task progress
GET	/api/administrator/task-completion	Task completion rate
GET	/api/administrator/visitor-patterns	Visitor pattern analytics
GET	/api/administrator/wait-time	Visitor wait time analytics

Editorial (39 endpoints)

Method	Path	Description
GET	/api/editorial/cross-platform-engagement	Average duration by platform
GET	/api/editorial/content-roi	Content ROI by title
GET	/api/editorial/audience-demographics	Audience by session medium
GET	/api/editorial/section-performance	Editorial section performance
GET	/api/editorial/readership-trends	Readership trends by article
GET	/api/editorial/competitor-benchmarking	Competitor benchmarking data
GET	/api/editorial/calendar-adherence	Editorial calendar adherence
GET	/api/editorial/content-throughput	Content throughput over time
GET	/api/editorial/deadline-compliance	Article deadline compliance
GET	/api/editorial/breaking-news	Breaking news / trending stories
GET	/api/editorial/journalist-productivity	Journalist productivity metrics
GET	/api/editorial/topic-virality	Topic virality & newsletter stats
GET	/api/editorial/content-freshness	Content freshness tracking
GET	/api/editorial/update-frequency	Article update frequency

Method	Path	Description
GET	/api/editorial/backlog-management	Editorial backlog
GET	/api/editorial/editing-cycle-times	Editing cycle durations
GET	/api/editorial/error-rates	Error rates in publishing
GET	/api/editorial/version-control	Article version control
GET	/api/editorial/byline-performance	Personal byline performance
GET	/api/editorial/source-effectiveness	Traffic source effectiveness
GET	/api/editorial/social-amplification	Social media amplification
GET	/api/editorial/visual-asset-engagement	Visual asset engagement
GET	/api/editorial/asset-usage-tracking	Asset usage tracking
GET	/api/editorial/rights-management	Rights & license management
GET	/api/editorial/segment-popularity	Content segment popularity
GET	/api/editorial/audience-retention	Audience retention data
GET	/api/editorial/social-sentiment	Social sentiment monitoring
GET	/api/editorial/case-resolution	Case resolution metrics
GET	/api/editorial/compliance-breach	Compliance breach tracking
GET	/api/editorial/risk-exposure	Risk exposure dashboards
GET	/api/editorial/mitigation-effectiveness	Risk mitigation effectiveness
GET	/api/editorial/attendance-rates	Event attendance rates

Method	Path	Description
GET	/api/editorial/sponsor-roi	Sponsor ROI metrics
GET	/api/editorial/participant-feedback	Participant feedback
GET	/api/editorial/recruitment-funnel	Recruitment funnel
GET	/api/editorial/retention-risk	Employee retention risk
GET	/api/editorial/training-effectiveness	Training effectiveness
GET	/api/editorial/data-governance	Data governance metrics
GET	/api/editorial/insight-adoption	Insight adoption rates

Executive (14 endpoints)

Method	Path	Description
GET	/api/executive/ceo-analytics	CEO-level KPI dashboard
GET	/api/executive/risk-cases	Risk exposure & case summary
GET	/api/executive/retention	Employee retention metrics
GET	/api/executive/compensation	Compensation benchmarking
GET	/api/executive/company-kpis	Company-wide weekly KPIs
GET	/api/executive/compliance	Audits, policies & tasks
GET	/api/executive/control-effectiveness	Internal control effectiveness
GET	/api/executive/cost-optimization	Dept cost vs budget
GET	/api/executive/finance-health	Finance health & profit trends

Method	Path	Description
GET	/api/executive/liquidity-ratios	Liquidity ratio trends
GET	/api/executive/market-share	Market share by region & BU
GET	/api/executive/risk-heatmap	Risk heat map
GET	/api/executive/roi-analysis	ROI & automation analysis
GET	/api/executive/strategic-initiatives	Strategic initiative tracking

Finance (20 endpoints)

Method	Path	Description
GET	/api/finance/accounts-payable-receivable	AP/AR entries
GET	/api/finance/asset-depreciation	Asset depreciation schedules
GET	/api/finance/bad-debt-ratios	Bad debt ratios by quarter
GET	/api/finance/budget-variance	Budget vs actual variance
GET	/api/finance/capital-expenditure	CapEx transactions
GET	/api/finance/collection-efficiency	Collection efficiency
GET	/api/finance/daily-sales-outstanding	DSO metrics
GET	/api/finance/expense-categorization	Categorized expenses
GET	/api/finance/forecasting	Financial forecasts
GET	/api/finance/general-ledger	GL reconciliation
GET	/api/finance/invoice-metrics	Invoice processing KPIs
GET	/api/finance/pipeline-metrics	Data pipeline health
GET	/api/finance/reporting-accuracy	Report accuracy summary
GET	/api/finance/statement-variance	Financial statement variance
GET	/api/finance/system-integration-health	ERP/CRM integration health
GET	/api/finance/tax-provisioning	Tax provisioning data
GET	/api/finance/total-asset-value	Total asset value

Method	Path	Description
GET	/api/finance/close-metrics	Finance close entries
GET	/api/finance/audit-trail	Audit trail analysis
GET	/api/finance/regional-pl	Regional P&L breakdown

IT (10 endpoints)

Method	Path	Description
GET	/api/it/server-infrastructure	Server load & resource usage
GET	/api/it/storage-utilization	Storage capacity & usage
GET	/api/it/cybersecurity	Security incidents & posture
GET	/api/it/patch-compliance	System patch compliance
GET	/api/it/system-health	Overall system health scores
GET	/api/it/infrastructure-costs	IT infrastructure costs
GET	/api/it/ticket-sla	Help desk tickets & SLA
GET	/api/it/user-satisfaction	IT satisfaction surveys
GET	/api/it/asset-inventory	IT asset inventory
GET	/api/it/cpu-performance	CPU performance details

Operations (12 endpoints)

Method	Path	Description
GET	/api/operations/delivery-timelines	Print delivery timelines
GET	/api/operations/fuel-consumption	Vehicle & machine fuel usage
GET	/api/operations/job-scheduling	Press job scheduling
GET	/api/operations/parts-utilization	Maintenance parts usage
GET	/api/operations/route-efficiency	Distribution route efficiency
GET	/api/operations/setup-time	Machine setup time optimization
GET	/api/operations/signal-quality	Broadcast signal quality
GET	/api/operations/ticket-resolution	Maintenance ticket resolution
GET	/api/operations/updown-time	Machine uptime/downtime logs
GET	/api/operations/material-waste	Material waste analysis
GET	/api/operations/machine-oee	Overall Equipment Effectiveness
GET	/api/operations/production-yield	Production yield metrics

Sales (14 endpoints)

Method	Path	Description
GET	/api/sales/revenue-attribution	Revenue by segment & rep
GET	/api/sales/client-lifetime-value	CLV & churn risk
GET	/api/sales/campaign-roi	Campaign ROI metrics
GET	/api/sales/territory-performance	Sales territory performance
GET	/api/sales/lead-efficiency	Lead funnel efficiency
GET	/api/sales/conversion-funnels	Conversion funnel stages
GET	/api/sales/click-through-rate	Ad CTR & engagement
GET	/api/sales/rate-card-utilization	Ad rate card utilization
GET	/api/sales/impression-share	Market impression share
GET	/api/sales/ab-test-results	A/B test results
GET	/api/sales/campaign-attribution	Multi-touch attribution
GET	/api/sales/brand-lift	Brand lift studies
GET	/api/sales/contract-value-trends	Contract value trends
GET	/api/sales/supervisor-analytics	Sales supervisor analytics
